"A ROAD OF OAKS"

NOVEL IDEA FOR NODAWAY SOLDIER'S MEMORIAL

"THE HUT" FINDS FAVOR

Supt. of Schools J. M. McDonald Would Build Y. M. C. A. With Room for War Trophies.

A "road of Oaks" across the county is the suggestion of Miss Helen Zenor, director of music at the Normal, as an idea for a memorial to Nodaway county's soldiers. Miss Zenor writes as follows:

The Democrat-Forum:

In reply to your letter regarding a memorial for this community I think of nothing more practical than a road.

It seems to me that the idea of "The Hut" for Maryville is splendid. The Hut from which would radiate centralized, crystalized activity and support of every good thnig.

The county at large would not be interested in a hut in Maryville. They have heroes nearer and dearer and their memorial should be in their community where they can enjoy and profit by it and not in a town thirty or forty miles distant. Would a cross-county road be a good thing? A hard road bordered with sturdy oaks, each bearing a name plate for a Nodaway boy.

The road should pass the "Hut" and on gala days friends far and near would join the festivities there. On fine summer days the town would travel past the fine farms made more prosperous by the "Road."

HELEN ZENOR.

Superintendent of Schools J. M. McDonald in urging the erection of Y. M. C. A. points out that "one of the ways in which we can help the young men win the fight for sound character and clean morals is to provide the right sort of place for them to spend their leisure time. Mr. McDonald writes:

The Democrat-Forum:

I have your letter asking for suggestions regarding what Maryville should do in honor of her soldiers who have helped in the winning of the Great War. I believe the building of a Y. M. C. A. building would be the best way in which we could show our appreciation. The boys who have gone to France all write how much they have enjoyed the conveniences and home surroundings that the Y. M. C. A. has brought to the battle front. If we could know the wishes of those who will never return, I believe they would much prefer a memorial which would be a place of rest and recreation for those who do return, rather than a marble shaft having no practical utility.

From my own daily contact with the young men of Maryville and from my own personal experiences ,being a young man myself, I am convinced that one of the best ways in which we can help young men win the fight for sound character and clean morals is providing them with the right sort of place to spend their leisure time. It is useless to criticise young men who do things which they should not unless we offer something better for them instead. We have ignored the fact that young men do, by nature, seek one another's company and fellowship and have provided no place where this can be done.

A Y. M. C. A. could have a reading room, gymnasium, swimming pool, room for game tables, piano, a place for war trophies, a hall for assemblies and social occasions, and many other such features. A competent man should be permanently in charge.

Let's provide a place where the soldiers in France and the younger men, just as willing to serve, who stayed on this side, can meet when they please in good fellowship.

Yours,
J. M. McDonald.

MUST CLEAN WALKS OF SNOW

Mayor Garrett Urges That Residents in Residence Districts Make Walking Safe.

Very few walks in the residence sections of the city had been cleaned today.

MAYORS WILL MEET

A CONSTITUTIONAL CONVENTION WILL BE PROPOSED

THE MOVEMENT GROWS

Mayor W. O. Garrett Is Invited to Attend Conference Dec. 9, at Kansas City to Discuss Legislation.

Mayor W. O. Garrett has received an invitation to attend the meeting at Kansas City December 9 of mayors of Missouri cities when the proposal to hold a constitutional convention, and to talk over legislation affecting the relationship of municipalities and public utilities, will be subjects discussed. The meeting has been called at the instance of Mayor James Cowgill of Kansas City.

The meeting will give added impetus to a movement now becoming widespread to give Missouri a new constitution.

A demand for a constitutional convention is one of the planks of Governor Gardner's legislative program. The Missouri state teachers' association officially is behind the campaign and other interests and organizations are falling in line.

The cumbersomeness and antiquity of the present constitution are shown in the very article which provides how the constitution may be amended, revised or rewritten.

Three elections are required. First, the general assembly must submit to the voters the question whether a convention shall be held to revise the constitution. If at that election a majority vote favors the proposal then the governor must order an election to select delegates to the convention. That election must be held within six months after the first election.

In the selection of delegates each senatorial district is entitled to two delegates for each senator.

According to the constitution, there is no time limit on the proceedings of the convention, but after the constitution is rewritten it must be voted upon in not less than sixty days nor more than six months, and if adopted goes into force at the end of thirty days.

THANKSGIVING SERVICES

Fine Musical Program and Sermon by Dr. Cox at Presbyterian Church Yesterday Morning.

About one hundred people attended the union Thanksgiving services at the Presbyterian church yesterday morning. It is thought that a greater number were kept at home because of the snowstorm which fell during the night and most of yesterday morning and also from fear of the flu.

Those who did attend enjoyed a fine musical program and sermon by Dr. Gilbert S. Cox of the First Methodist church. Dr. Cox did not use a text but took as a basis for his theme the Thanksgiving address of Governor Bradley in the first Thanksgiving service held in this country, and made a modern application of it.

With the exception of the singing of "The Star Spangled Banner" the program was given as printed in The Democrat-Forum in Wednesday's issue.

In taking the Thanksgiving offering for the Armenian and Syrian relief fund Rev. Coile urged that the people give more liberally than they had intended because the needs of these people were greater than we realized. He reviewed an article in which he had just read that about one-third of the population of Armenia had actually starved from lack of food. He made it plain that these people were not killed in battle but the means of getting food to these starving people had been interferred with by the Turks and as a consequence food failed to reach them until the Allied forces had come to their aid under the direction of General Allenby.

A GREAT ACHIEVEMENT

"Liberty Fuel Is Oderless, Tasteless, Costs Less Than Gasoline and Is Easy to Obtain.

Washington, Nov. 29.—Liberty fuel is the latest achievenments of chemists and of the engineers of the research and development divisions of the general engineer's depot of the war department. The new "Liberty Fuel," it is learned, has been given a thorough tryout by the department and has fulfilled all expectations. Through its use in the future it is expected that there will be large development of the automobile industry and in the manufacture of all kinds of gasoline driven machinery.

The Thanksgiving Day football game between Maryville High School and Savannah which had to be called off on account of the snow will be played at Savannah next Friday. MAYORS WILL MEET

A CONSTITUTIONAL CONVENTION WILL BE PROPOSED

THE MOVEMENT GROWS

Mayor W. O. Garrett Is Invited to Attend Conference Dec. 9, at Kansas City to Discuss Legislation.

Mayor W. O. Garrett has received an invitation to attend the meeting at Kansas City December 9 of mayors of Missouri cities when the proposal to hold a constitutional convention, and to talk over legislation affecting the relationship of municipalities and public utilities, will be subjects discussed. The meeting has been called at the instance of Mayor James Cowgill of Kansas City.

The meeting will give added impetus to a movement now becoming widespread to give Missouri a new constitution.

A demand for a constitutional convention is one of the planks of Governor Gardner's legislative program. The Missouri state teachers' association officially is behind the campaign and other interests and organizations are falling in line.

The cumbersomeness and antiquity of the present constitution are shown in the very article which provides how the constitution may be amended, revised or rewritten.

Three elections are required. First, the general assembly must submit to the voters the question whether a convention shall be held to revise the constitution. If at that election a majority vote favors the proposal then the governor must order an election to select delegates to the convention. That election must be held within six months after the first election.

In the selection of delegates each senatorial district is entitled to two delegates for each senator.

According to the constitution, there is no time limit on the proceedings of the convention, but after the constitution is rewritten it must be voted upon in not less than sixty days nor more than six months, and if adopted goes into force at the end of thirty days.

THANKSGIVING SERVICES

Fine Musical Program and Sermon by Dr. Cox at Presbyterian Church Yesterday Morning.

About one hundred people attended the union Thanksgiving services at the Presbyterian church yesterday morning. It is thought that a greater number were kept at home because of the snowstorm which fell during the night and most of yesterday morning and also from fear of the flu.

Those who did attend enjoyed a fine musical program and sermon by Dr. Gilbert S. Cox of the First Methodist church. Dr. Cox did not use a text but took as a basis for his theme the Thanksgiving address of Governor Bradley in the first Thanksgiving service held in this country, and made a modern application of it.

With the exception of the singing of "The Star Spangled Banner" the program was given as printed in The Democrat-Forum in Wednesday's issue.

In taking the Thanksgiving offering for the Armenian and Syrian relief fund Rev. Coile urged that the people give more liberally than they had intended because the needs of these people were greater than we realized. He reviewed an article in which he had just read that about one-third of the population of Armenia had actually starved from lack of food. He made it plain that these people were not killed in battle but the means of getting food to these starving people had been interferred with by the Turks and as a consequence food failed to reach them until the Allied forces had come to their aid under the direction of General Allenby.

"Liberty Fuel Is Oderless, Tasteless, Costs Less Than Gasoline and Is Easy to Obtain.

Washington, Nov. 29.—Liberty fuel is the latest achievenments of chemists and of the engineers of the research and development divisions of the general engineer's depot of the war department. When the war department was asked to provide unlimited quantities of gasoline for automatic autobile, trucks, motorcycles, and airplanes, Capt. C. E. The new "Liberty Fuel," it is learned, has been given a thorough tryout by the department and has fulfilled all expectations. Through its use in the future it is expected that there will be large development of the automobile industry and in the manufacture of all kinds of gasoline driven machinery.

HARLEY HUGHES WRITES

Mr. and Mrs. D. M. Hughes Receive a Letter From Son in France

Mr. and Mrs. D. M. Hughes received a letter today from their son, Harley in France, dated Oct. 29. He enclosed a sheet of German propaganda entitled "The Better Part of Valor" which was dropped into their lines from a German plane. The text of the article is intended to dishearten all Americans and concludes by telling them if they stay all any of them "will get is a tombstone in France." Harley is feeling fine and is preparing to stay all winter. He writes as follows:

Dear Mother: I started to write you a letter last week but Jerry (that is what we call the Germans) came over in his airplane to drop a few bombs and we had to put out the lights so I will try to write again. We have moved from where we were and are now in a wilderness. We have fine billets as they were built by the Germans, also the railroad which we are operating and believe me, every thing he does is built for permanent use but he had to vacate this place. Now, mother, don't worry about me as I am perfectly well and safe and getting good meals, although sometimes I don't wash for a week and sometimes don't shave for two weeks as good water, free from mustard gas is very scarce and I haven't had a bath for a month, but we will soon have a bath house fixed up as we will be here all winter.

I am sending you a slip of paper which you can paste on a box and send me for Christmas if you want to. But don't send anything valuable as I may never get it. It must be mailed by Nov. 30, so you may not get it by that time. If you don't I won't be disappointed. Also am sending a little slip of paper which was dropped from a Jerry aeroplane. It is some of his propaganda but he don't get anywhere with that stuff. I saw six boche planes after one Yank today but the Yank got away.

I must close for this time.

BROTHER KILLED BY ENGINE

Relative of T. L. Wilderman Meets Death Under Engine at St. Joseph Wednesday.

T. L. Wilderman was called to St. Joseph Wednesday by the death of his brother, Frank T. Wilderman, who was employed by the Aunt Jemima Mills and was killed in the mill yards when he was run down by a switch engine.

Wilderman, with four other men, was at work on the track when a passing passenger train drowned the noise of the switch engine backing up the track with four cars.

All of the men had a close call. One of them happened to see the danger and shouted a warning to his fellow workmen, and all save Wilderman sprang from the track in time to escape the switch train. He was hit by the engine and death ensued fifteen minutes later. D. Painter was the engineer of the locomotive, and says he did not see the men on the track. The fireman was not in the cab at the time.

Mr. Wilderman is survived by his widow, two sons, Ole W. Wilderman, Camp MacArthur, Texas; Edgar Wilderman, St. Joseph and by two daughters, Mrs. W. F. Myrick, Fort Worth, Texas, and Mrs. C. A. Hertel, St. Joseph.

I had an intease soreness through the small of my back which pained when I tried to bend over or straighten up quickly. My kidneys acted too frequently and this made me weak. I saw Doan's Kidney Pills advertised and bought some from Love & Gaugh's drug store. From the first, I had relief and as I continued using them, I was benefitted in every way. It has been quite a while now since I have needed to use Doan's, so I know the benefit is lasting."

Rheumatism Back on the Job With its Old-time Fury

No Let-Up In Its Torture.

Pretty soon you will be reaching for the liniment bottle again, for the millions of little pain demons that cause Rheumatism are on the warpath. Winter weather seems to awaken them to renewed fury.

But your Rheumatism cannot be rubbed away, because liniments and lotions cannot reach the disease. It is in the blood, and only a remedy that goes deep down into the circulation, and routs out the disease germ, can rid you of this disabling disease.

S. S. S. has given some wonderful results in treating Rheumatism. Being a purely vegetable blood remedy, it purifies the blood of every germ, and thus removes the cause of Rheumatism. Get a bottle to-day at your drugstore, and start on the right treatment that will get results. Free advice about your case can be had by writing to Medical Director, 26 Swift Laboratory, Atlanta, Ga.

Mr. and Mrs. D. M. Hughes received a letter today from their son, Harley in France, dated Oct. 29. He enclosed a sheet of German propaganda entitled "The Better Part of Valor" which was dropped into their lines from a German plane. The text of the article is intended to dishearten all Americans and concludes by telling them if they stay all any of them "will get is a tombstone in France." Harley is feeling fine and is preparing to stay all winter. He writes as follows:

Dear Mother:—I started to write you a letter last week but Jerry (that is what we call the Germans) came over in his airplane to drop a few bombs and we had to put out the lights so I will try to write again. We have moved from where we were and are now in a wilderness. We have fine billets as they were built by the Germans, also the railroad which we are operating and believe me, every thing he does is built for permanent use but he had to vacate this place. Now, mother, don't worry about me as I am perfectly well and safe and getting good meals, although sometimes I don't wash for a week and sometimes don't shave for two weeks as good water, free from mustard gas is very scarce and I haven't had a bath for a month, but we will soon have a bath house fixed up as we will be here all winter.

I am sending you a slip of paper which you can paste on a box and send me for Christmas if you want to. But don't send anything valuable as I may never get it. It must be mailed by Nov. 30, so you may not get it by that time. If you don't I won't be disappointed. Also am sending a little slip of paper which was dropped from a Jerry aeroplane. It is some of his propaganda but he don't get anywhere with that stuff. I saw six boche planes after one Yank today but the Yank got away.

I must close for this time.

Your son,

HARLEY E. HUGHES,

Co. E, 14th Engineers Ry., A. E. F., France.

Lady Druggist's Advice Taken.

"My sister-in-law is a druggist. She told me of several bad stomach and liver cases which were benefitted by taking Mayr's Wonderful Remedy and advised me to try it. I had numerous bad attacks due to bloating and had almost constant pain in my stomach before getting your remedy. I am feeling fine now." It is a simple, harmless preparation that removes the catarrhal mucous from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

Mr. and Mrs. Arthur Warner entertained with a Thanksgiving dinner party at their home 121 South Hester street those present including Mrs. E. P. Teaney, Miss Inez Teaney, Harold, Hogner, Denald, Laura Ethel and Belva Warner and the hosts.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

BROTHER KILLED BY ENGINE

Relative of T. L. Wilderman Meets Death Under Engine at St. Joseph Wednesday.

T. L. Wilderman was called to St. Joseph Wednesday by the death of his brother, Frank T. Wilderman, who was employed by the Aunt Jemima Mills and was killed in the mill yards when he was run down by a switch engine.

Wilderman, with four other men, was at work on the track when a passing passenger train drowned the noise of the switch engine backing up the track with four cars.

All of the men had a close call. One of them happened to see the danger and shouted a warning to his fellow workmen, and all save Wilderman sprang from the track in time to escape the switch train. He was hit by the engine and death ensued fifteen minutes later. D. Painter was the engineer of the locomotive, and says he did not see the men on the track. The fireman was not in the cab at the time.

Mr. Wilderman is survived by his widow, two sons, Ole W. Wilderman, Camp MacArthur, Texas; Edgar Wilderman, St. Joseph and by two daughters, Mrs. W. F. Myrick, Fort Worth, Texas, and Mrs. C. A. Hertel, St. Joseph.

Mr. and Mrs. W. H. West and Mr. and Mrs. W. H. West, Jr., of Ravenwood, spent Wednesday visiting in Maryville

Miss Frances Gilson came up from St. Joseph Wednesday evening and visited over Thanksgiving day with her sister, Mrs. I. B. Williams, and Mr. Williams.

Miss Josephine Wilderman and Miss Ilene Kemp left Wednesday night for Chicago where they will spend a few days visiting Miss Greta Kemp, who is in a Chicago hospital taking a nurse's training course.

Mrs. Ed Burr, living southwest of the city, is very ill at her home, suffering with a paralytic stroke.

Mrs. Arthur McDonald has returned to her home at Fort Worth, Texas, after a visit in this city with her mother, Mrs. Joseph Updegraff.

MARYVILLE MAN'S LUCKY FIND.

Will Interest Readers of the Democrat-Forum.

Those having the misfortune to suffer from backache, urinary disorders, gravel, dropsical swellings, rheumatic pains, or other kidney and bladder disorders, will read with gratification this encouraging statement by a Maryville man.

J. N. Bryan, retired farmer, 222 Eleventh street, says: "At one time I was having trouble from my back and kidneys. I had an intense soreness through the small of my back which pained when I tried to bend over or straighten up quickly. My kidneys acted too frequently and this made me weak. I saw Doan's Kidney Pills advertised and bought some from Love & Gaugh's drug store. From the first, I had relief and as I continued using them, I was benefitted in every way. It has been quite a while now since I have needed to use Doan's, so I know the benefit is lasting."

Price 60c, at all dealers. Don't simply ask for a kidney remedy — get Doan's Kidney Pills—the same that Mr. Bryan had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y. Adv.

Rheumatism Back on the Job With its Old-time Fury

No Let-Up In Its Torture.

Pretty soon you will be reaching for the liniment bottle again, for the millions of little pain demons that cause Rheumatism are on the warpath. Winter weather seems to awaken them to renewed fury.

But your Rheumatism cannot be rubbed away, because liniments and lotions cannot reach the disease. It is in the blood, and only a remedy that goes deep down into the circulation, and routs out the disease germs, can rid you of this disabling disease.

S. S. S. has given some wonderful results in treating Rheumatism. Being a purely vegetable blood remedy, it purifies the blood of every germ, and thus removes the cause of Rheumatism. Get a bottle to-day at your drugstore, and start on the right treatment that will get results. Time Brings Joy And Happiness

At the Hours Pass the Coming of Baby Draws Nearer—Are You Prepared?

No woman awaiting the joy of coming motherhood should allow the days to pass without using the wonderful penetrating application, Mothers' Friend.

By its regular use throughout the period the system is prepared for the coming event and strain and tension is relieved. It renders the broad, flat abdominal muscles pliant and they readily yield to nature's demand for expansion. As a result the nerves are not drawn upon with that peculiar wrenching strain, and nausea, nervousness, bearing-down and stretching pains are counteracted. The abdomen expands easily when baby arrives and the hours at the crisis are naturally less. Pain and danger as a consequence is avoided.

Mother's Friend not only allays distress in advance, but assures a speedy recovery for the mother. The skin is kept soft and smooth and natural and free from disfigurement.

Write to the Bradfield Regulator Company, Dept. J, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and procure a bottle of Mother's Friend from the druggist. It is just as standard as anything you can think of.

"Testing" means finding specific gravity of battery solution by measuring it with the hydrometer.

The test is simple, but of utmost importance because it is the only means of telling whether your battery is being *kept in condition* by proper charging or *weakened by starvation.*

Testing is an important part of the service that you as a user of a Willard Storage Battery are entitled to receive. We will make the test for you or show you how you can keep tab on your battery by testing it yourself every week or two.

Time Brings Joy And Happiness
As the Hours Pass the Coming of Baby Draws Nearer—Are You Prepared?
No woman awaiting the joy of coming motherhood should allow the days to pass without using the wonderful penetrating application, Mothers' Friend.
By its regular use throughout the period the system is prepared for the coming event and strain and tension is relieved. It renders the broad, flat abdominal muscles pliant and they readily yield to nature's demand for expansion. As a result the nerves are not drawn upon with that peculiar wrenching strain, and nausea, nervousness, bearing-down and stretching pains are counteracted. The abdomen expands easily when baby arrives and the hours at the crisis are naturally less. Pain and danger as a consequence is avoided.
Mother's Friend not only allays distress in advance, but assures a speedy recovery for the mother. The skin is kept soft and smooth and natural and free from disfigurement.
Write to the Bradfield Regulator Company, Dept. J, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and procure a bottle of Mother's Friend from the druggist. It is just as standard as anything you can think of.

What Does Testing Mean?
"Testing" means finding specific gravity of battery solution by measuring it with the hydrometer.
The test is simple, but of utmost importance because it is the only means of telling whether your battery is being *kept in condition* by proper charging or *weakened by starvation.*
Testing is an important part of the service that you as a user of a Willard Storage Battery are entitled to receive. We will make the test for you or show you how you can keep tab on your battery by testing it yourself every week or two.
When you come for your next test ask for the booklet, "A Mark with a Meaning for You."

HOW TO FIGHT

SPANISH INFLUENZA

By DR. L. W. BOWERS

Avoid crowds, coughs and cowards, but fear neither germs nor Germans! Keep the system in good order, take plenty of exercise in the fresh air and practice cleanliness. Remember a clean mouth, clean skin, and clean bowels are a protecting armour against disease. To keep the liver and bowels regular and to carry away the poisons within, it is best to take a vegetable pill every other day, made up of May-apple, aloes, jalap, and sugar-coated, to be had at most drug stores, known as Dr. Pierce's Pleasant Pellets. If there is a sudden onset of what appears like a hard cold, one should go to bed, wrap warm, take a hot mustard foot-bath and drink copiously of hot lemonade. If pain develops in head or back, ask the druggist for Anuric (anti-uric) tablets. These will flush the bladder and kidneys and carry off poisonous germs. To control the pains and aches take one Anuric tablet every two hours, with frequent drinks of lemonade. The pneumonia appears in a most treacherous way, when the influenza victim is apparently recovering and anxious to leave his bed. In recovering from a bad attack of influenza or pneumonia the system should be built up with a good herbal tonic, such as Dr. Pierce's Golden Medical Discovery, made without alcohol from the roots and barks of American forest trees, or his Ironic (iron tonic) tablets, which can be obtained at most drug stores, or send 10c to Dr. Pierce's Invalid's Hotel, Buffalo. N. Y., for trial package. Adv.

HOW TO FIGHT

SPANISH INFLUENZA

By DR. L. W. BOWERS

Avoid crowds, coughs and cowards, but fear neither germs nor Germans! Keep the system in good order, take plenty of exercise in the fresh air and practice cleanliness. Remember a clean mouth, clean skin, and clean bowels are a protecting armour against disease. To keep the liver and bowels regular and to carry away the poisons within, it is best to take a vegetable pill every other day, made up of May-apple, aloes, jalap, and sugar-coated, to be had at most drug stores, known as Dr. Pierce's Pleasant Pellets. If there is a sudden onset of what appears like a hard cold, one should go to bed, wrap warm, take a hot mustard foot-bath and drink copiously of hot lemonade. If pain develops in head or back, ask the druggist for Anuric (anti-uric) tablets. These will flush the bladder and kidneys and carry off poisonous germs. To control the pains and aches take one Anuric tablet every two hours, with frequent drinks of lemonade. The pneumonia appears in a most treacherous way, when the influenza victim is apparently recovering and anxious to leave his bed. In recovering from a bad attack of influenza or pneumonia the system should be built up with a good herbal tonic, such as Dr. Pierce's Golden Medical Discovery, made without alcohol from the roots and barks of American forest trees, or his Ironic (iron tonic) tablets, which can be obtained at most drug stores, or send 10c to Dr. Pierce's Invalid's Hotel, Buffalo. N. Y., for trial package. Adv.
